

Shandong Energy Zibo Mining Co., Ltd. visits Famous

Düsseldorf, Germany – On Monday, the 23th of June 2014, a delegation of the Shandong Energy Zibo Mining Co., Ltd. visited the Famous Industrial Group in Düsseldorf, Germany.

Shandong Energy Zibo Mining Co., Ltd. is one of the subsidiary companies of Shandong Energy Group. The Shandong Energy Group, which was founded in December 2010, is one of the most important state-owned companies in China with six subsidiaries: Xinwen Mining Group Co. Ltd., Zaozhuang Mining Group Co., Ltd., Zibo Mining Group Co., Ltd., Feicheng Mining Group Co., Ltd., Linyi Mining Group Co., Ltd., and Longkou Mining Group of Co., Ltd. Its registered capital is 10 billion RMB and it is also listed as 305th place in the Fortune 500. Shandong Energy is not only one of the most important companies in China but also a real "global player".

Shandong Energy Zibo Mining Co., Ltd. is a large state-owned energy company whose main business field is mining. It is founded in 1904 and was converted to a mining bureau in 1953. Shandong Energy Zibo Mining Co., Ltd., whose headquarters is located in Zibo, has a business scope spread over 3 provinces as well as 5 cities. The Group has more than 20,000 employees currently.

After deep business talks with Famous Industrial Group, the delegation visited WAT Wärme-Austausch-Technik GmbH in Hamminkeln to have a discussion about the future cooperation between the two companies.
