

JCHX Group Co., Ltd. visits Famous

Düsseldorf, Germany – On Thursday, the 26th of September 2013, a delegation of the JCHX Group Co., Ltd. visited the Famous Industrial Group in Düsseldorf, Germany. The delegation was lead by President Mr. Wang Xiancheng. The two sides discussed the technology in the fields of underground air-conditioning and future cooperation.

JCHX Group established in 1997, which is capable to provide comprehensive and professional services to the industry, as it has built a reputation for its integrity and credibility. The Company specializes in underground mine development and construction, and production mining, especially in large-section declines and tunnels development. With an extensive fleet of mining equipment which supported by highly trained employees, the Company can provide solutions for a variety of projects, even those with the most complex geological conditions.

After a tour of Famous Industrial Group, the delegation visited GTA Maschinensysteme GmbH and WAT Wärme-Austausch-Technik GmbH.
